MYSTERY TAPS

16

TESTING YOUR BEER TASTING SKILLS

We select four beers from our tap (15cl). They're a complete mystery, for you to solve. Can you deduct the beers you're drinking? Super! We'll pour you a free beer.

ALCOHOL-FREE

Officially every drink with max. 0.5% abv is considered alcohol-free. This puts these drinks on the same level as ripe fruit. They're brewed with natural yeasts which give a much tastier result than when you abstract or distill the alcohol later in the process.

tap water

We offer free water to accompany your beer.
Pour yourself a glass at the bar. We charge
€2 if tap water is your preferred drink.

FINE CIDER

all our ciders are made by real farmers, using only the juice of their apples & pears, sometimes mixed with hops, spices or other fruits, sometimes aged in barrels, but never made with concentrates, syrups or chemicals.

These natural ciders are in general less sweet than what you get from the big companies. Only the natural sweetness from the fruit can be present.

CIDER & CHEESE PAIRING 54

Our signature cider & cheese pairing for two is the perfect tête-à-tête!

We pour 2x6 tasting glasses of cider & serve a plate of paired cheese.

MEAD

mead is a fermented, alcoholic drink, based on a mixture of honey & water. Also referred to as **mede** in Dutch or **honey wine**. The result is a beverage often to the sweeter side, ideal to pair with cheeses & desserts after dinner, or as a night cap.

Most of our meads will be served at room temperature, while other dry meads are served chilled. We pour our meads standard in 8cl portions, but more exclusive ones are served as a 4cl pour.

There are six important subcategories:

- **melomel** - mead with fruit
- **cyser** - mead with apple juice
- **metheglin** - mead with spices
- **braggot** - mead & beer blend
- **pyment** - mead with grape juice
- **bochet** - mead with caramelized honey
